

## LONELY IN THE WORLD

*music & lyrics REN PAUL*

sadness deep in your eyes  
who knows what's on your mind  
cool hands as if made of ice  
lord, if you could remind  
to me the pictures  
of the autumn  
that will stay with me  
in my dreams

oh, o-oh,  
lonely in the world  
lonely in the world

red and yellow leaves in the air  
are whispering to me: hello !  
but they don't really care  
what should I do n'where should I go  
maybe I should ask the clouds  
that are passing by  
why should it be me  
please, tell me why ?

oh, o-oh,  
lonely in the world  
lonely in the world...
