

NEON NIGHTS

music & lyrics REN PAUL

I'm calling you
I dial your number
again and again
but nobody's there
except the beeps
I'm just doin' what I can
 in a big city
 full of the lights
 you're in the neon nights

only few days
we stayed together
and the time almost died
just a few days
could I enjoy lovin'
and I have lost my mind
 in a far city
 full of the lights
 you're in the neon nights

I'm so lonely
in a black night
waiting for a phone call
I get crazy
in the silence
I crush the telephone against the wall
 in the north city
 full of the lights
 you're in the neon nights
 in a city bar
 somewhere downtown
 in the neon nights
