

STRANGER

music & lyrics REN PAUL

you seem a stranger
just like a stranger to me
you bring on danger
to everybody, can't you see
ain't gonna listen your sweet lies
you've got no proper alibies
stranger !

you're gonna kick me
push me out of your life
you're gonna tease me
stab into my heart your knife
ain't gonna talk to you any more
you've got no words for me, I'm sure
stranger !

try to forget me
but you will not forget my name
annihilate me
but your life will be never the same
ain't gonna follow your damned steps
'cos I know I have not any chance
stranger !
